Skipper CV

Since 1999, my log book is equivalent to 8 around the world by sailing : more than 35 Atlantic and 30 Mediterranean crossings, skippering and many deliveries on the Brittany and Atlantic coasts, plus several long voyages, single handed, have given me the necessary experience to carry out the services offered.

Diploms and certifications :

- BPPV (French 'Yachtmaster' equivalent)
- Captain 200UMS, sailing option (STCW)
- STCW 95 certification for marine engineering, safety, fire, radar, & sea medical care.
- STCW 95 communication operator.
- Professional status - professional liability insurance.

Details of my 'ocean' deliveries:

I have carried out numerous coastal deliveries and charters between France, Spain and England, on both cruising and racing boats. My high seas Logbook, as captain, is up to 200 000 miles.

2016		distance
